Bachelor of Arts: American Ethnic Studies

University of Washington, Seattle 2015

Minors: Diversity and Classical Studies

EDUCATION

Languages: Java, Python, JavaScript, HTML/CSS

Libraries/Frameworks: Es6, React, Node.js, Express, SQL, jQuery, AJAX, API's, Handlebars, MongoDB

Applications: Heroku, Unit Testing, Figma Wireframes, Git, GitHub, AWS S3

PROJECTS

Quarantine Game | <https://gentle-cliffs-28390.herokuapp.com/>

Developed a virtual drinking card game, revolving around the theme of 2020 social distancing.

- Led a team of 4 to design, develop, debug and deploy a multi-player web application
- Headed front end design in creating an intuitive UI, using Figma wireframes/prototyping, style guides and HTML/CSS
- Contributed to full stack development with Javascript, MySQL, Socket.io and over 90+ Git commits

PostIt | Currently in Development

A holistic personal care platform for men to learn and explore techniques and products.

- Implemented AWS S3 using React for photo storage and front end user display
- Led full stack development through project management, UX research and data flow mapping
- Created backend infrastructure using Node.js, Express, Javascript, AJAX and MySQL
- Provided accurate version control and build documentation via 99+ Git commits and Trello cards

Home Cooked Comfort | <https://tchristensendrumz.github.io/Home-Cooked-Comfort/>

Created a recipe search web application to help add variety to your quarantine meals.

- Collaborated on a team of 4, using jQuery, AJAX and API's to add functionality to the result and unit converting features
- Accomplished responsive web design utilizing Javascript, Figma wireframes, and CSS

PROFESSIONAL EXPERIENCE

Applications Developer | Release Manager

March 2015 - September 2015

Forms on Fire

Bellevue, WA

- Developed, debugged, and deployed mobile IOS and Android applications and monitored post production
- Implemented and managed backend data infrastructure for 3 high profile clients using Java and Python
- Working knowledge of the Software Development Life Cycle (SDLC) and agile delivery methods

Founder and Ice Cream Developer

May 2020 - September 2020

The Cup or Cone

Seattle, WA
